

{Month, Day, Year}

Dear Parents/Guardians:

{Organization Name} is excited to announce that we will be hosting a preventative heart screening event provided by a non-profit organization called **SafeBeat** on {Screening Event Date}. The objective of the screening is to help detect possible underlying heart conditions that a routine physical exam might miss. In many cases, young people who pass away from sudden cardiac arrest did not realize they had a serious underlying heart condition, and their families did not find out until it was too late. **SafeBeat's** early detection screening service can help prevent the grief of losing a child to a hidden heart defect.

This highly recommended service will be available to active middle and high school students and will come at no cost to you. Registration for the heart screening event is available through the **SafeBeat** website (www.safebeat.org). If you do not have access to complete the required information online, assistance can be provided. Additional registration information and educational materials will be made available in the near future.

We are looking forward to seeing the positive impact this screening event will have on you and your children. Thank you for your participation. For more information, please contact {Contact Name} at {Email Address} or (____)____-____.

Sincerely,

{Organization Contact Signature}
